Informations

sensibility – sensitivity

Risk evaluation

Uncertainty management

I have difficulties to breathe

First time, no previous problems

Normal physical examination

PF 400

Diagnosis stress

I have difficulties to breathe

First time, no previous problems

Normal physical examination

PF 400 – 650

Diagnosis : asthma

KNOWLEDGE

- Descriptive (about diagnoses)
 - Chronic diseases
 - Hypertension, diabetes
- Pragmatic (about decisions)
 - Complaints
 - A priori probability / utility (epidemiology, outcome)
 - Informations (sensitivity, sensitivity)
 - A posteriori probability (uncertainty management)

KNOWLEDGE

- Knowledge in action
- Training
 - VIPS
 - Virtual internet patient simulation
 - Complaint
 - Informations (local and time-dependent availability)
 - Decisions
 - Feedback - data
